CAREER OBJECTIVE:-

A Motivated Full Stack Developer with 3 years of experience in web application development and UI/UX design. Seeking a challenging role where I can leverage my expertise in ASP.NET, C#, frontend technologies, and user-centered design to build scalable, visually appealing, and user-friendly applications.

PROFESSIONAL SUMMARY:-

- Full Stack Developer with 3 years of experience in web application development and production support
- Strong expertise in frontend development using HTML5, CSS3, Bootstrap, JavaScript, and responsive UI design
- Hands-on experience in backend development using ASP.NET, C#, and RESTful Web APIs
- Proficient in database management using SQL Server and MySQL, including stored procedures and query optimization
- Experienced in developing end-to-end applications including UI, business logic, and database integration
- Skilled in UI/UX design using Adobe XD, Figma, Photoshop, and Illustrator
- Strong experience in resolving Level-2 production issues using HPSM and performing root cause analysis
- Effective team player with strong problem-solving and communication skills

PROFESSIONAL EXPERIENCE:-

Organization	: GVR Info System Pvt.Ltd
Period (From-To)	: April-2023 – Present
Role	: Software developer.
Location	: Old Bowenpally, Hyderabad, Telangana 500011.

ROLES AND RESPONSIBILITIES:-

- Developed and maintained full stack web applications using ASP.NET, C#, and SQL Server
- Designed and implemented responsive and interactive UI using HTML5, CSS3, Bootstrap, and JavaScript
- Built and integrated RESTful Web APIs for seamless data communication
- Managed SQL Server databases including writing optimized queries and stored procedures
- Integrated frontend UI with backend services using ADO.NET
- Collaborated with UI/UX designers to convert wireframes into functional applications
- Resolved Level-2 production issues using HPSM by debugging and updating database records
- Participated in project migration, requirement analysis, testing, and deployment support
- Improved application performance and user experience through bug fixing and enhancements

TECHNICAL SKILLS:-

- **Frontend:** HTML, CSS, Bootstrap, JavaScript, Responsive Web Design
- **Backend:** ASP.NET, ASP.NET Web Forms, C#, .NET Framework, Web API
- **Database:** SQL Server, MySQL, Stored Procedures,
- **Tools:** Visual Studio, VS Code, Postman, Git, Version Control
